

Evaluation Form for Practical courses

Dear student:

Improving the quality of education will eventually lead to having more competent graduates, and this will be achieved through gathering and applying the opinions of learners as the main part of every educational system. Your precise response to the following questions is considered as a respect to the rights of learners, faculty members, and higher education as a whole.

First and last name of the faculty member Course name

Your gender: female ☐ male ☐ , your major..... ,Your average score to now.....

Number of sessions you've had with this faculty member

	<i>The Faculty Member:</i>	Always	often	Sometimes	Rarely	never
